Dear Rusty,

This past October your firm was at our McArthur River site to perform inspection and cleaning on the water system. This included the inspection of the Toby Lake inlets along with the water storage tanks at our main camp.

There were a number of challenges encountered during this time that were handled very well by your staff. Further, the worked perform by SCANTRON ROBOTICS INC. surpassed expectations.

As we look to work in the future, SCANTRON will be part of those plans.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mike Rawlyk".

Mike Rawlyk A.Sc.T, BAC
